SAFETY WARNING

The installation should be carried out by a qualified electrician in compliance with the current edition of the IEE Wiring Regulations.

Prior to installation, carry out the necessary risk assessment considering the people who could be at risk, the level of risk and the precautions required to control the risk

Ensure that the circuit supply is

isolated either by the circuit supply fuse being removed or the applicable circuit breaker being turned off before installation or any maintenance.

Check the total load on the circuit ensuring the luminaire does not exceed the rating of the circuit cable, fuse or circuit breaker.

Long-term use and voltage fluctuations can reduce the life span of the fitting.

If the fitting incorporates control gear, ensure careful sizing to avoid instances of nuisance tripping of the protective device used in the installation.

Follow the provided installation instructions, using the fixings supplied or recommended.

Keep out of reach of children.
